

Unfortunately persistent links cannot be made from the ARTstor platform but you can find the same artwork in the JSTOR database.

1. Go to [JSTOR](https://www.jstor.org). Click on Browse and go to Images from the drop-down menu. Choose your desired image.

2. To the left, copy the URL.

Please note that this URL does not include the UFV Library OpenAthens server prefix, which is essential to providing off-campus access to the stable link.

3. Go to our [OpenAthens Link Generator](#) and paste the link. Hit Copy for the permalink.

Create links for your organisation that work anywhere.

5. Just a reminder that JSTOR asks you to create an account. You do not need to. All you need to do is X (close) out of the window and you will see your artwork.
